

# SPIRIT

# S3

## EASY DOES IT.

The Spirit has been a versatile and popular sprayer since it was upgraded in 2017. Designed to be a simple to use, low weight self-propelled machine for a wide range of uses; offering a 3000 Litre capacity tank and precision nozzle control to maximise productivity.

### EFFICIENT SPRAY SYSTEM

- ◆ 3000L GRP tank
- ◆ Additional clean water tank with approximate 10% capacity of main tank
- ◆ 24- 28m twin fold boom
- ◆ Simple manually operated taps for boom flush, tank wash and tank rinse

### LOW SOIL COMPACTION

- ◆ From 6500kg dry weight
- ◆ Low weight chassis design with rear mounted engine
- ◆ 50/50 weight distribution with full or empty tank combined with twin trailing A-frame axles for improved traction and stability

### PRACTICAL PERFORMANCE

- ◆ Economic MTU 4R1000 Stage V 170hp 4 cylinder engine adhering to all latest emission legislation
- ◆ Poclain MS08 wheel motors
- ◆ Max speed up to 40kph

### CLASS LEADING RIDE ON ROAD OR FIELD

- ◆ Market leading self levelling air suspension system
- ◆ Low centre of gravity ensures stability whatever the terrain
- ◆ High clearance up to 1.5m

### SPRAYER TECHNOLOGY

- ◆ Arag Bravo 400S or Delta 80 spray controller optional TMC spray controller with NavGuide GPS mapping and guidance
- ◆ Light bar guidance
- ◆ From 5 to 15 automatic air shut-off spray sections
- ◆ Optional Seletron individual nozzle control system
- ◆ Auto-steer compatible
- ◆ Norac height and tilt or full variable geometry boom levelling

### OPERATOR COMFORT

- ◆ Ergonomically designed, spacious and fully air-conditioned cab
- ◆ Panoramic visibility
- ◆ Plastic clothing locker
- ◆ Ultra-quiet operating environment
- ◆ Radio, Bluetooth and CD player
- ◆ Full carbon filtration
- ◆ Full LED lighting as standard
