HARD WORKING TECH FOR HARD WORKING FARMS XCN-1060 WITH NAV-900 & EZ-PILOT PRO BUNDLE

LOW BUNDLE PRICE
\$13,000 +GST

Boost your productivity and enhance your operator comfort with the XCN-1060™ display system and assisted steering bundle.

*T&C's Apply. Price excludes gst and dealer fitment costs. Vehicle platform kit and activation required for EZ-Pilot Pro.

Based on an Android operating system the XCN-1060 is a display that allows you to get more done, with greater precision, at a lower cost.

The NAV-900 multi-constellation GNSS receiver uses multiple frequencies of satellite signals to provide faster convergence times and more robust performance.

The EZ-Pilot Pro helps you to stay on course, turning the steering wheel for you, using GPS guidance from the XCN-1060 display.

For a limited time, invest \$10,000 incl. gst or more on AFS technology, TTMI and Case IH will offer you an unbeatable 0% interest rate loan on your repayment.*

Pictures for illustrative purposes only. Offer end 31/12/2024. While stocks last. Full T&C's available at ttmi.com.au/promotions
